

“Education begins when we see children as innately wise and capable beings.

Only then can we play along in their world” — Vince Gowman

Dear Adelpia Families,

It is my pleasure to welcome you to the beginning of an exciting 2018-2019 school year. Our team is committed to providing an environment that embraces the social, emotional, and academic needs of all students. By providing a nurturing atmosphere for children filled with encouragement and support, learners are able to reach their full potential.

At Adelpia School we set high expectations for students. All instructional processes are aligned to New Jersey Student Learning Standards along with district and building goals. We take pride in being a Future Ready School and affording students with personalized learning experiences that inspire learners to think critically, explore, and extend thinking beyond the walls of a classroom.

The administration and staff of Adelpia School are eagerly awaiting the arrival of our students so we may begin a school year filled with new and exciting learning opportunities. Thursday, September 6th, is the first day of school for all students. We ask that if you are dropping off your child in the morning that you remain on the side of the driveway across from the school building. Our school doors will open promptly at 8:40 for student arrival. Our staff will be out front greeting students as well as assisting when children are crossing the driveway and walking to class. All students are completely supported during the arrival and dismissal process.

During the first few days of school your child will receive many important documents that will require specific information. We request your assistance in promptly returning these documents to your child’s teacher. It will also be necessary to take the time and carefully review the student handbook with your child. The handbook may be accessed on the district website and contains important information regarding the policies and procedures that will be in effect for the 2018-2019 school year. In addition, our teachers and administration will be reviewing the district student handbook policies and bus procedures with students.

As your children become “our children” we invite parents/guardians to foster a partnership between home and school. When parents become involved this models for children how important it is to value education. Attending school functions such as Back to School Night, Parent Teacher Conferences, PTA Meetings/Events, or simply serving on a school committee are all important ways to become involved. Parental involvement is paramount to the success of our school, so please join us in helping make Adelpia School a GRRREAT place to be!

I look forward to a successful year. Thank you in advance for your cooperation and support. Please be sure to experience what Adelpia is all about this year and become involved in our school.

Mrs. Danielle Palazzolo
Principal
